MUNICIPAL EMERGENCY OPERATIONS PLAN (EOP)

A. **PURPOSE:**

This municipal plan has been developed to provide procedures for the Village of West Salem government agencies to respond to various types of emergencies or disasters that affect the community. It provides a link to procedures that will be used by County government since the Village of West Salem is part of the County emergency management program. This municipal plan will be used in conjunction with the La Crosse County Emergency Operations Plan (EOP). The municipal plan will be maintained in accordance with current standards of the La Crosse County EOP and in accordance with the local/municipal government. Review of this municipal plan shall be accomplished concurrently with the County plan.

B. **SITUATION AND ASSUMPTIONS:**

Several types of hazards pose a threat to the lives, property or environment in La Crosse County. These hazards are outlined in the La Crosse County Hazards Analysis. A copy of this is located in the County Emergency Operations Center (EOC). Hazards specific to West Salem are outlined in the Village of West Salem Hazard Analysis section of this Plan.

C. **CONCEPT OF OPERATIONS:**

Municipal officials have primary responsibility for disasters which take place in the municipality. They will activate the appropriate municipal agencies to deal with the disaster. The chief elected municipal official or the municipal emergency director is responsible for coordinating the response of municipal agencies and coordination the response with County officials, if County assistance is necessary.

Actions that the municipality and County should consider if this municipal plan is activated.

1. Municipal agencies assess the nature and scope of the emergency or disaster.

2. If the situation can be handled locally, do so using the procedures in this plan, as appropriate.

   a. The Emergency Management Director advises the Village President and coordinates all emergency response actions.

   b. The Village President declares a local state of emergency and notifies the La Crosse County Emergency Management Coordinator of this action.
c. Forward the local state of emergency declaration to the County’s Emergency Management office.
d. The Emergency Management Director activates the municipal EOC. This facility is located at 175 South Leonard Street.
e. Municipal emergency response officials/agencies respond according to the checklists as listed.
f. The Village President directs departments/agencies to respond.
g. The Village President issues directives as to travel restrictions on local roads and recommends protective actions if necessary.
h. Notify the public of the situation and appropriate actions to take.
i. Keep County officials informed of the situation and actions taken.

3. If municipal resources become exhausted or if special resources are required, request County assistance through the La Crosse Emergency Management Coordinator.

4. If assistance is requested, the La Crosse County Emergency Management Coordinator assesses the situation and makes recommendations.

5. The County will do the following (to the extent appropriate):
   a. Activate the County EOC.
   b. Implement the County EOC.
   c. Respond with County resources as requested.
   d. Activate mutual aid agreements.
   e. Coordinate County resources with municipal resources.
   f. Notify Wisconsin Emergency Management (WEM) Regional Director.
   g. Forward Uniform Damage Situation Report (UDSR) form.
   h. Assist municipality with prioritizing and allocating resources.

6. If municipal and county resources are exhausted, the County Emergency Management Coordinator can request state assistance through Wisconsin Emergency Management (WEM).

7. If state assistance is requested, the WEM Administrator in conjunction with the Regional Director, County Coordinator and Municipal Emergency Management Director assess the disaster or emergency situation and recommend that personnel, services and equipment be made available for response, mitigation or recovery.

8. After completing the assessment, the WEM Regional Director immediately notifies the State WEM Administrator.

9. The State Administrator of Emergency Management notifies the Governor and makes recommendations.

10. If state assistance is granted, procedures will be followed as stated in the Wisconsin EOP and the County EOP.

   a. Enforce curfew restrictions in the affected area.
   b. Coordinate the removal of vehicles blocking evacuation or other response activities.
   c. Assist the medical examiner with the security of mortuary services.
   d. Assist with search and rescue activities.
   e. If the County EOC is activated, establish and maintain contact with the person representing law enforcement.
   f. Try to anticipate your department’s needs for personnel and equipment 24-hours in advance. If no additional assistance is needed, utilize mutual aid agreements with other police departments.
This page is designed to provide the La Crosse County Department of Human Services with the responsibility for providing human services within the Village of West Salem. However, a liaison from the municipality should be appointed to assist the County human services officer with implementing tasks assigned in the County EOP. It is recommended that the person selected be from a department or agency within the municipality with human service-type responsibilities (i.e. Human Services Department, Department on Aging). The person selected should be familiar with the human services annexes of the County EOP so that human services tasks in this municipal plan are consistent with those assigned in the County plan. This person will work closely with the County human services officer so that municipal/County resources can be prioritized and coordinated. This attachment is designed to identify the person in the municipality responsible for human services activities and provides a list of actions this person will consider when this municipal plan is activated.

The Village Administrator from the Village of West Salem will serve as the Human Services Coordinator in the Village of West Salem and is responsible for human service activities in the Village of West Salem. The Coordinator will organize human service activities with a representative from the La Crosse County Department of Human Services.    7. Assessor 608-582-1147
   8. Administrator 608-786-1858
   9. Deputy Clerk 608-786-1858

4. **Activate the damage assessment team, which consists of the following municipal departments/agencies: Police, Fire, Water, Sewer, Public Works, and American Red Cross representative. This Team is responsible for public property damage assessment and the coordination of household or private sector damage assessments.
a. Within first 2-3 hours: Complete preliminary UDSR:
   1. Number of fatalities.
   2. Number of critical/minor injuries.
   3. Number of home/businesses damaged/destroyed.
   4. Number of power/telephone lines, poles damaged.
   5. Number of public facilities such as highways, roads, bridges, etc., damaged.
   6. Number of people who are homeless or in shelters.

b. Within 8 hours:
   1. Recount items 1 – 6 above.
   2. Complete another USDR, estimating public and private damage.
   3. Videotape and/or take photos of major damage.

c. Within 24 hours:
   1. Update items 1 – 6 above.
   2. Complete updated UDSR.

5. Provide damage assessment information to the appropriate Village officials and La Crosse Emergency Management Coordinator to assist in the preparation of the County UDSR.

6. If the situation warrants, assist the Village President with the preparation of a local state of emergency declaration and forward to the La Crosse County Emergency Management Coordinator.

7. Plot damage assessment information on status boards in the municipal EOC and locate damage sites on a map.

8. Record all expenditures for municipal damage assessment team personnel, equipment, supplies, services, etc., and track resources being used.

9. Prepare reports for the Village Public Information Officer.

SOP REQUEST FOR NATIONAL GUARD

Whenever an emergency exists and a request for National Guard assistance is made, certain essential information, about the emergency and the desire for Guard assistance, is required by the Governor to assist him/her in making a decision. The situation must be extremely serious and clearly beyond the capability of the requesting agency and/or local government to cope with it, before the Guard can and will be committed.

To expedite requests for use of the Guard, the following procedure will be used. When you wish to request the assistance of the National Guard, telephone Wisconsin Emergency Management on a 24-hour phone line (608) 242-3232 or 1-800-943-003. Advise who you are and give the information to the official who answers the call.

1. What is the situation? Give all the facts available.
   a. If it is a flood – How serious? Which river and/or stream? What are the casualties? What is the level of the river now? Is the water level rising or falling? How many homes, businesses, etc., are flooded? Give any other information you have about the situation.
   b. If it is civil disturbance – Whom are the persons or groups causing the disturbance? How many people are involved among the people causing the disturbance, among the bystanders, among the police and so forth? Has anyone been killed or injured, and in what way (guns, firebombs, other weapons, etc.)? How much violence has occurred and of what sort (buildings burned, looting, etc.). How many weapons and what type, have been used and/or are at the disposal of the person causing the disturbance? What is the stated or apparent purpose, if any, of the persons causing the disturbance? What specific incident(s) precipitated the disturbance?
   c. On all other emergencies – complete information, comparable to that indicated above, will be required.

2. Exactly what is being asked of the National Guard? That is, what task(s) is the National Guard being asked to perform? For how long? How many Guard troops and what support equipment do you believe would be necessary.

3. On whose authority is the request being made (name, title and telephone)? How and when can this individual be reached?

4. Have local and/or county resources been committed or expended? Explain local action taken or contemplated?

5. Could the resources necessary to handle the problems be supplied through mutual aid or other regional cooperative arrangements? If the problem cannot be fully handled through mutual aid, to what extent can it be partially handled?

6. How long can an acceptable level of order be maintained without the assistance of the National Guard?
7. If the decision is made to send assistance from the National Guard:
   a. Where does the National Guard liaison officer go?
   b. To whom does the liaison officer report?

8. The person communicating the request should provide the following information: his or her name, title, telephone number and when he or she can be reached.

   Your full cooperation in utilizing this procedure for obtaining the assistance of the National Guard is important and will greatly expedite the request.
